DEDICATION

Life consists of many symbols. An owl represents the wisdom of man; a rock his strength; a fox his cunning. To us, our Indian represents all of these qualities as well as our spirit of enthusiasm and our persistence in all our aspirations.

The present Indian is the third in a line of chiefs who have been with us at student functions, observing our activities with silent dignity.

Therefore, we, the members of the 1961 Sammamish, dedicate our yearbook to our mascot, "the Indian."

FOREWORD

As students of Issaquah High School we watched our faithful mascot, the Indian, weather rain, fog, wind, and cold during the football season, serving us well as a mascot and symbolizing the spirit of the "Issaquah Indians." Also at basketball games and pep assemblies our Indian stood by us. Now as we, the class of '61 complete our high school career and seek a lifetime career in an ever-changing, war-threatened world, may the spirit of the Indian, symbol of loyalty and endurance, remain in our memories and help us to adopt his qualities, qualities so necessary for these crucial times and the trials of the future.

CLASSES

SENIORS

President: Ken Woods

Vice President: Bob McClintick

Secretary: Terry Fox

Treasurer: Larry Fox

Senior Class Advisors: Mrs. Piercey and Mr. Treat.

As we of the Senior Class reach the end of our high school career, we are reminded of past experiences, some happy, others best forgotten. All of these, however, go together to make school the challenge that it is.

Our class was led in its activities by the officers chosen at the beginning of the year. Our President, Ken Woods, was assisted by Bob McClintick, vice-president; Terry Fox, secretary; and Larry Fox, Treasurer. Through the efforts of our advisors, Mr. Piercey and Mr. Treat, we were able to participate in many activities which otherwise might have been impossible.

"You Can't Take It With You" was one of the successful accomplishments of the class this year. This play was presented under the direction of Miss Crelly. Another event worthy of note was the Senior Ball, held in the Spring as a climax to the Senior year.

As we leave these halls for the last time, we look ahead to the future with the hope that our years in this school have provided us with a firm foundation for a successful life.

JUNIORS

President: Terry Koss

Vice President: Paul Bondo

Secretary: Sue Harper

Class Advisors: Mrs. Melcher and Mr. White

Through the crowded halls of Issaquah High, the Junior Class has pushed itself forward to become known as a class with outstanding traits. The first order of business was the election of officers for the school year. Terry Koss was chosen as our president, Paul Bondo as vice-president, and Sue Harper as Secretary. Along with these officers, our class advisors, Mrs. Melcher and Mr. White, guided us in attaining our goals.

Our first activity of the year was the Junior Prom, Yuletide Prelude, which put everyone in a holiday mood. Another major activity was the Junior play presented in the Spring under the direction of Mr. Tonstad.

Our class was active in all phases of school life, having not only many participants in sports, but also many students outstanding in scholastic pursuits and club activities.

As the summer months slide by one thought will prevail in our minds — will we be able to meet the challenge of being seniors? Only time will tell.

SOPHOMORES

President: Pete Wagner

Class Advisors: Mrs. O'Connell and Mrs. Vawter; Mr. Soland and Mr. Molvik

Vice President: Doug Brown

Secretary: Sue Abbott

As sophomores we met our first year in Issaquah High School with mixed emotions. We were happy that we were in high school but a little frightened at the prospect. We were aware that our next three years would be filled with important decisions in preparation for adult life.

Soon after school began, we chose our class officers. Pete Wagner was elected president; Doug Brown, vice-president; Sue Abbott, secretary. They were assisted by Mrs. O'Connell, Mrs. Vawter, Mr. Soland and Mr. Molvik.

Alan Scott and Jan Baker were chosen to represent our class in traffic court throughout our three years.

This year for the first time the Sophomore class presented three one-act plays under the direction of Miss Crelly and Mr. Tonstad.

Although as yet we haven't taken positions of leadership in the school, we have placed many students on the honor roll and have participated actively in all school functions.

Now as our Sophomore year draws to a close we can look back and smile at our mistakes with the realization that they have made us a lot wiser. Our first year of high school was more successful than we had expected, and we now look forward to our next two years with eagerness.

Insight into Our Cultural Heritage

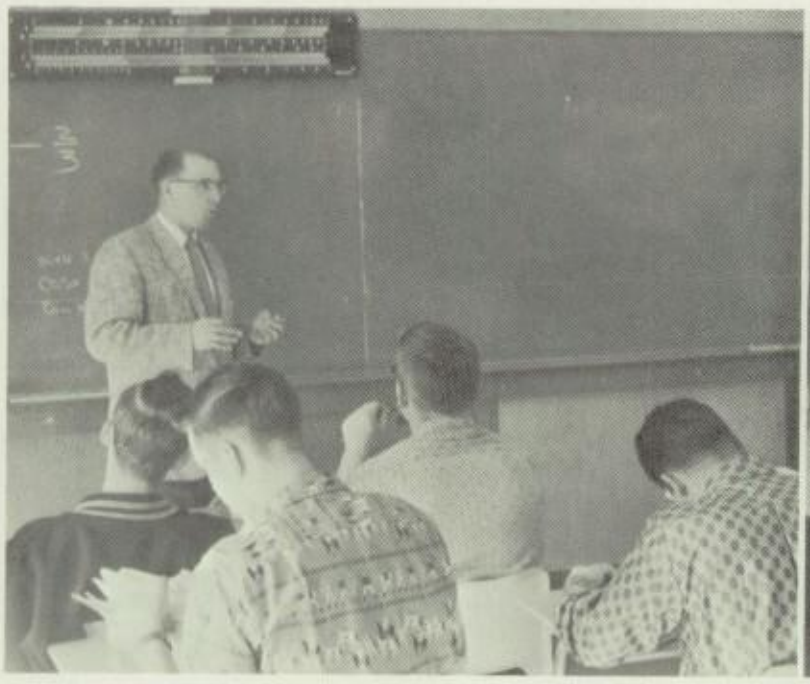
A panel discussion on the pros and cons of teaching the basic concepts of Communism in school curriculum stimulates the minds of Senior students.

Issaquah offers well-rounded *history* courses providing excellent background in the heritage of our world and our country. Individuals learn the significant facts and dates concerning the milestones reached by man in his unceasing evolutionary search for knowledge, power, wealth, and freedom.

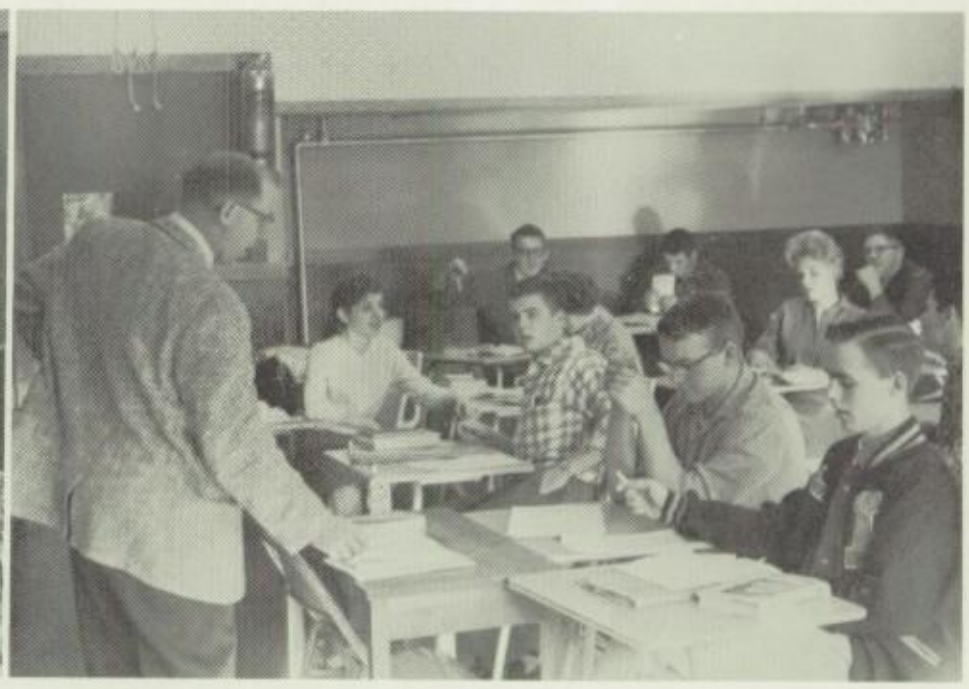
Also in these courses, students learn how their country and state governments are run. In November, Juniors and Seniors held a mock presidential election which proved interesting to all concerned. Later in the year, the Seniors visited Olympia where they saw the state legislature in action.

Mr. Tonstad, "The Thinker," contemplates his future historians.

Geographic locations are included in the study of U.S. History.



"Trig" students listen intently as Mr. Molvik whistles.

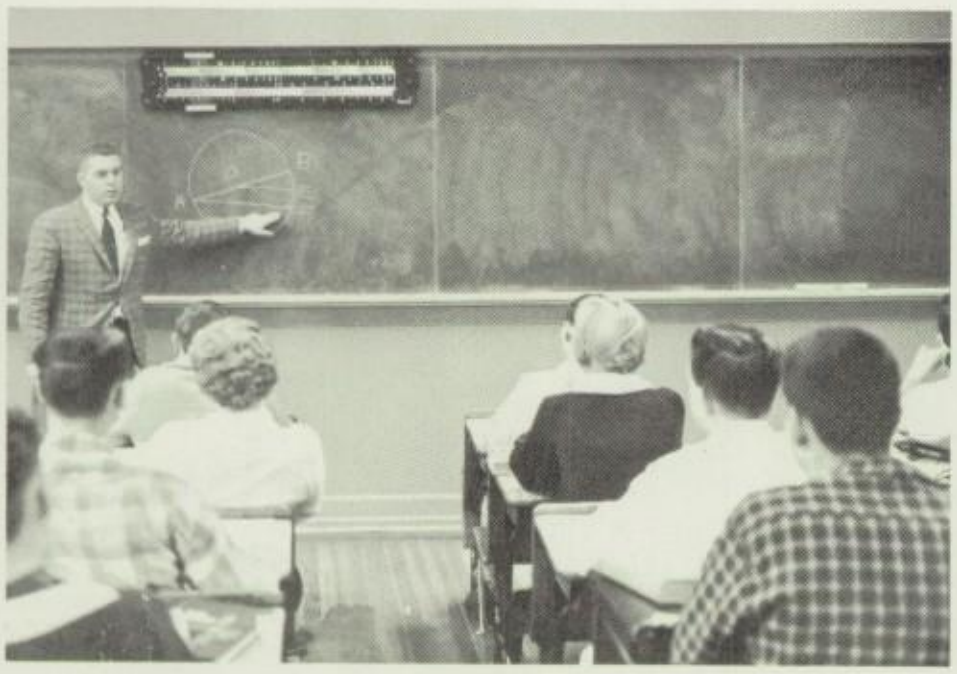


Mr. Molvik's discourse on "sin" and "cos" is met by various reactions.

Math Challenges Sense of Logic and Reasoning

"Eighteenth Century mathematics is not applicable to Twentieth Century classrooms. Never before has mathematics been on the verge of such a dynamic revolution." This statement made by Mr. Molvik, our philosophical math teacher, expresses the general modern trend in mathematics teaching. We are now using the "Yale Developed Math Program" which has never before been in effect at Issaquah High.

Mr. Anderson, Issaquah's 'young sprout' teams with Mr. Molvik in teaching *Algebra I. & II., Geometry,* and other advanced math courses.



A typical day in Geometry class finds Mr. Anderson explaining another hypothesis.

The finer techniques of sewing are demonstrated by Linda Scott to fellow-students under the supervision of Miss Breshears.

Developing Our Skills and Self-Expression . . .

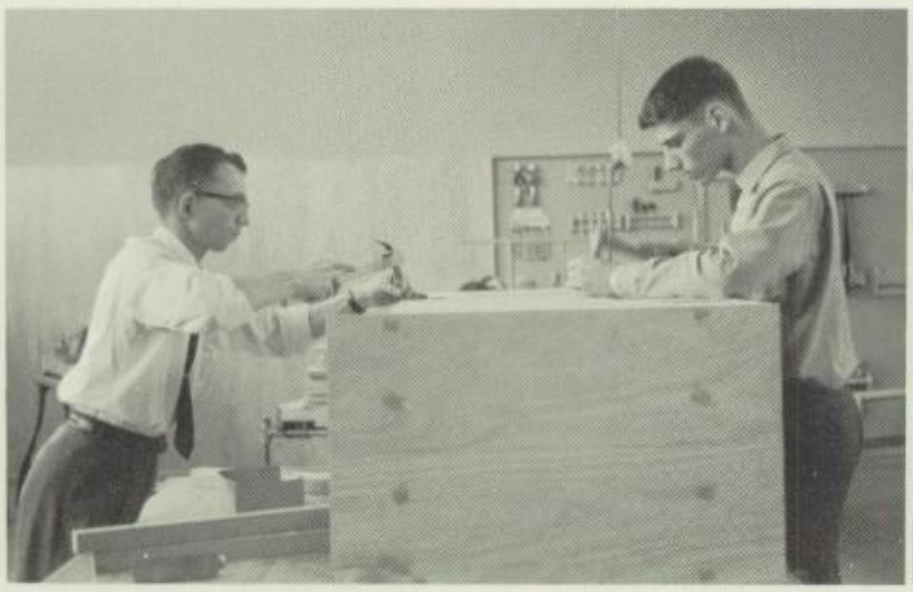
What hidden delicacies will come from the oven? Betty Boccia prepares the surprise.

Future secretaries, accountants, executives, as students in the *Business* courses offered at Issaquah High School, build towards their careers by becoming proficient in typing, shorthand, economics, and/or general office work.

A course in *Home Economics* enables girls to learn the arts of cooking and sewing. In cooking, they turn out breads, pies, cookies, and other delicious foods. In sewing, everything from dish towels to formal dresses is made as the girls demonstrate their talents. In *Advanced Home Economics,* Junior and Senior girls learn the secrets of a happy home, the preparations necessary for marriage, selecting dishes for their future homes, and even the art of planning the interior of houses.

Mrs. Piercey instructs future secretaries. Students received special training this year on new machines, shown at right, donated by the Issaquah bank.

Confused student, Nahnie Freemanson, consults expert, Mr. Nowadnick.



Pete Lamback constructs bookcase with the help of Mr. Schmelzer.

Mr. Frohs directs operation of internal combustion machines.

Through Our Classes in Vocational Arts

In *Shop* classes, Mr. Keppler and Mr. Schmelzer stress accuracy and quality in craftsmanship, rather than production. The boys learn to do professional work on various pieces of furniture: desks, china cabinets, coffee tables, chairs, and many others.

A basic objective of the *Agriculture* classes is "to create and nurture a love of country life." A course in *Agriculture,* the science of soils, crops, and animals, gives boys the opportunity to learn the mechanics and scientific methods of this subject and also to prepare for employment in Agricultural occupations.

Excellent *Band* and *Choir* courses are offered in the Music Department.

Wood grains are the topic of discussion between Mr. Keppler and Gene Griffen.

Issaquah's own Toscanini (Mr. Klein) inspires young musicians to do their best.

Towards the Whole Man, the Exact Man

Seniors: Donna Smith, Penny Niemeyer, Carol Dickerman, Jim Gepner, Greg Firstenburg practice old English customs during "M.C.M.F." week.

The high school years are a time when students learn more complex ways in which to use the English Language and also a time when they receive a general review of basic grammar. Issaquah High School offers a three year *English* and *Literature* program in which all students are enrolled. The *Speech* class (an elective) teaches students the art of speaking their thoughts effectively.

Literature is the study of life through the minds and eyes of many of our great men. It gives us an opportunity to live lives other than our own — mentally, spiritually, and emotionally without going through the physical motions. Not only can we live other lives, but we can travel, in our imagination, to different countries all over the world. The fine *Literature* courses in the curriculum at I.H.S. provide an excellent background in the literary field.

Mrs. Vawter and class plan field trip to "Treasure Island" where they can search for buried treasure.

Cultural Barriers Lower Through Language Study

In this tense and critical world where nations clash with each other, there is a great need for the teaching of foreign languages. To break the language barrier is to further understanding between the basic cultures of the world. Three year courses of *French, Latin,* and *Spanish* are taught by Mr. McNabb and Miss Crelly. In the preliminary years, the students learn the fundamentals of grammar and later they develop their own applications in reading and speaking the languages.

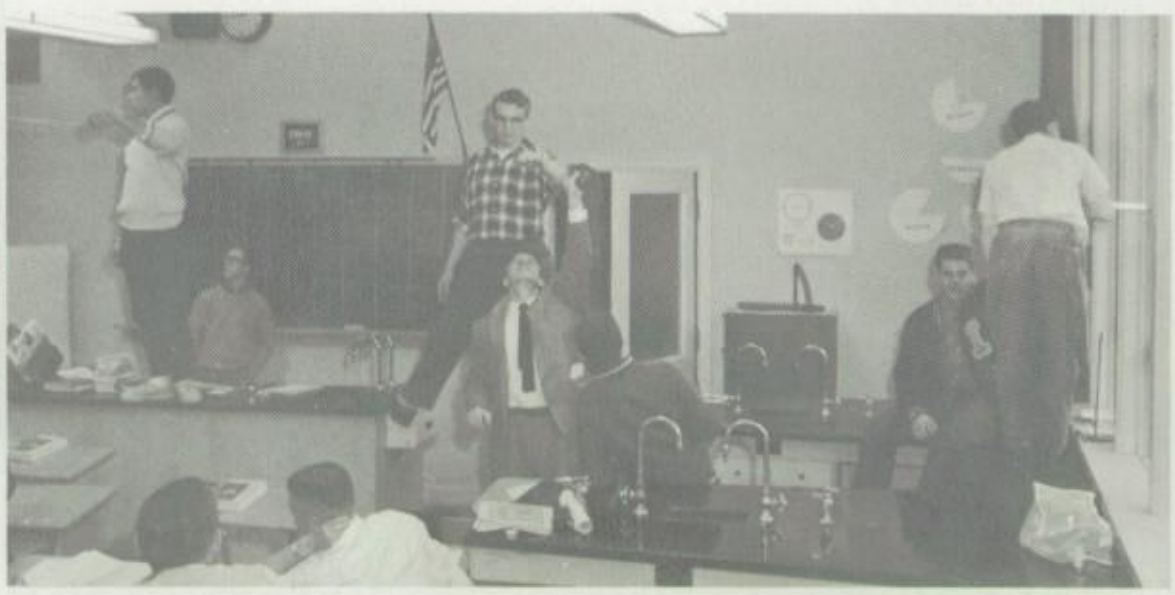
Probing into the Secrets of Science . . .

Would-be aeronautical engineers, electronic technicians and nuclear physicists discover the basic laws and concepts of the universe in *Physics* classes. They study the serious problems of energy, motion, pressure, and mechanics in relation to the world in which we live.

The fundamentals of science, including meteorology, astronomy, geology and basic physics are provided in *Physical Science*. In this comprehensive study, students are given a well-rounded introductory background to the sciences.

Mr. Coyle expounds as Rosemary expands. Paula observes the spring-pull experiment in the Physics lab.



Climbing to great heights in the study of Physics. Students measure acceleration, the speed and time of a descending body.

Ray Woodside and Bill Haro pick up scalpel and forceps and begin to uncover the innerworkings of a worm.

Laboratory time gives Mr. Durand an opportunity to lend personal assistance to John Williams and Butch Mahling.

Biology classes reveal the marvels of life which we sometimes take for granted. The students find a new perspective and insight into life itself as they watch the pulsing heart of a salamander in action, or study a frog. They find a basic relationship in the needs of the simplest form of life, the ameoba, and the grandest and most spectacular living mechanism nature has ever created — the human being.

In the midst of test tubes, thistle tubes, Florence flasks, beakers, Bunsen burners, and various other laboratory equipment, the chemistry students absorbingly worked on their experiments and calculations. College-bound students gained a thorough background for future use.

Mrs. Hume and Mr. Soland introduce their *P.E.* classes to the fundamentals of many sports. A new bowling program which went into effect this year gives students a chance to polish up on their strike average. Basketball, tennis, badminton, and other sports are also taught.

In the alternate *Driver Training* course, students learn the laws and necessity for good judgement in driving. Not only the basic mechanics of driving are learned, but also mature driving attitudes are stressed.

Enjoying the Atmosphere of the Stage

The development of greater interest in the dramatic arts is the paramont purpose of the National Thespian Society. The Issaquah Chapter, Troop 1566, is organized for the extension of this purpose, and to do this, various activities are planned, including the viewing of several stage plays.

Members are taken on a point basis from the casts of the Junior and Senior Plays.

For this year the officers are Ned Quistorff, President; Chuck O'Herin, Vice-President; Janice Woll, Secretary; Greg Firstenburg, Clerk; and Lano Haro, Treasurer. Advisors are Miss Crelly and Mr. Tonstad.

The *Music Club,* newly formed this year, has become one of the more active organizations of the school. They were continually busy with their numerous meetings and attending parties, concerts, and other activities, including a concert by Gerald Souzay. Through these activities the members have developed a new interest in and appreciation of music.

Velma Kidd was chosen to be the President, with Diana Massucco as Vice-President, Virginia Nagel as Secretary-Treasurer, and Cathy Carlson as Entertainment Chairman.

The team had a slumber party and held several money-making projects. The new uniforms were purple, gold, and white. All-in-all it was an interesting year for both members and non-members.

This year, because of increased interest in our opportunity for climbing in this state, a new club was formed at Issaquah High School. The *Climbing Club* will try to live up to its name by promoting interest in climbing. To do this lectures on technique, as well as actual climbs are planned for the near future. The club is composed of an eager and enthusiastic group, with Ralph Heft as President.

Their service projects included helping the school nurse check eyes and making pajama bags for the children of the Orthopedic Hospital. In February they co-sponsored a magic show to help the Orthopedic Hospital. Janice Woll was President and Miss Breshears served as Advisor.

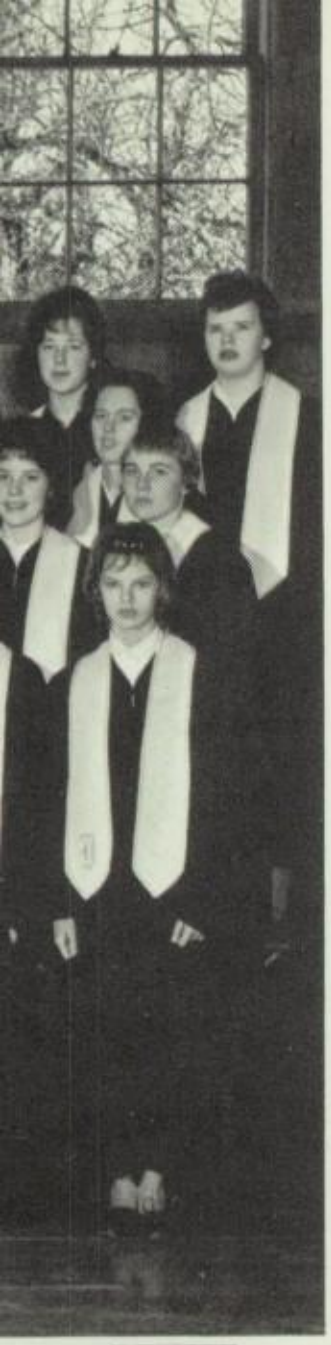
Always highly honored is the Issaquah High School *Band,* and this year was no exception. It is under the superb leadership of Mr. William Klein, Director; Bob Krieger, student director; Virginia Nagel, secretary; Cheryl Brown, librarian; and Don Munro, in charge of wardrobe. The *Band* performed in the annual Seattle Santa Claus Parade, presented its Christmas and Spring Concerts with the Nutcracker Suite by Tchaikovsky, as an outstanding number of the former, competed in the solo and ensemble contest at the University of Washington. It also gave a showing of its usual high quality at the King County League Band Festival, where it received a high rating. As a group it was outstanding in adding to our school's activities by helping out at games and pep rallies.



A Harmonious Blending of Music

Issaquah High School's *Choir,* under the able direction of Mr. William Klein and student director Dave Hudson, was its usual excellent self in all its activities. The *Choir* carolled in the high school halls and presented several numbers which helped Christmas seem closer to us at the Christmas Concert. It received high praise at the Choir Festival and Choir Contest held in the spring and it also gave a very commendable performance at Baccalaureate. The *Choir's* other officers are Charlotte Hyatt, Secretary-treasurer and Sandra Wressell, Librarian.

Honoring Our Publication Staffs

Quill and Scroll is an honorary organization composed of the members of the yearbook and I-Hi-Times staff who have done a certain amount of work and have met a certain gradepoint. Their main event of the year was the initiation of the new members in the spring.

The Annual Staff wishes to express its appreciation to their Advisor, Mr. McNabb, who has assisted them in all their endeavors. Not only has he been a capable advisor, but he has also been a member of the faculty in the foreign language department, teaching French and Latin.

Thanks again Mr. McNabb!

Coach Nowadnick

Although this year's football team did not keep pace with the example that was set in the two pre-season games, nevertheless, the team never lacked spirit. There were four bright moments in the Indian tepee during this season. One of these was the last game of the year in which thirteen seniors played their last game.

If a team were judged by the caliber of its leaders, the Indians would be in first place. The team selected a hard-working guard, John Gilmore, to receive the Inspirational Award, and elected as Captain of the team, Buford Graves, one of the toughest tackles in the league. Issaquah was able to place one man on the All-Conference Second Team — Ron Dunbar.

The two special awards, the "Blocking Award" and the "Most Improved Player Award," given by the coaches to the players deemed most deserving, were awarded to John Gilmore and Don Dana, respectively.

Drive and Desire Make a Fighting Team

Head Coach Soland

This year the Issaquah Indians were represented on the basketball court by a multitude of underclassmen. Buford Graves, playing his last season of basketball for Issaquah, was the lone member of the senior class. The team lacked experience to put together four full quarters of good ball, but what was learned this year will prove invaluable next year.

Coach Soland, directing the team very creditably in his first year at Issaquah, created two new awards, one for foul shooting, earned by Dan Bass, and one for rebounding, pulled down by Mel Gimmaka. Mel also placed sixth in the league in scoring with 196 points in league games.

Behind the leadership of Mike McKay, this year's captain, Dan, Mel, and other returning lettermen, next year should prove most interesting.

Girls Strive for Athletic Skills

Carol anxiously awaits the return of the human satellite.

A few years ago the idea was conceived to initiate an athletic program for the girls. From this idea came the present organization — *the Girls' Athletic Association.* This group has prospered and has proven itself a worthy organization. With Advisor, Mrs. Hume, and under the leadership of President, Nancy Fraker; Vice-President, Janice Viney; Secretary, Frances Kauzlarich; and Point-Keeper, Cheryl Donlan, this group of girls seems destined for a successful year.

Although a program of inter-scholastic athletic competition for the girls has not yet been instituted in the G.A.A. criteria, nevertheless, the girls have three "Play-Days." In these functions, the girls meet with girls from other schools and have a fun-filled day of athletic activities.

Anna displays her athletic ability.

Letterwinners Honored for their Athletic Endeavors . . .

The *Lettermen's Club* is comprised of those men who have lettered in one or more sports.

Their biggest single activity is the annual *Lettermen's Club* Picnic in the spring.

Under the able leadership of Howard Landdeck, President, Jim Gepner, Vice-President, Greg Firstenburg, Secretary, and Greg Lundquist, treasurer, the Lettermen's Club has taken on the project of supplying basketball backboards and baskets for the community. One fund raising activity was the sponsorship of a Soc-Hop.

This year marks the beginning of the *Lettergirl's Club*. This club consists of girls who have earned letters in G.A.A. and tennis. A girl is awarded a letter, only after she has earned the minimum number of points, by attendance, participation in Play-Day, etc.

The club, itself, still lacks strong unity, but through activities and projects the club promises great success in the future.

The general purpose to be considered in the future will be helping the school in various ways such as do their male counterparts, the Lettermen.

BACK ROW: Cheryl Donlan, Rosemary Dickey, Carole Mark, Joyce Bialek, Christine Kauzlarich, Dawn Peterson, Lorraine Phillips. *MIDDLE ROW:* Barbara Reini, Darlene Bailey, Cheryl Brown, Bev Woolley, Nancy Kinsman, Carol DeSmith, Sally Abbott, Nancy Fraker, Advisor Mrs. Hume. *FRONT ROW:* Debra Forbes, Shirley Davis, Pamela Carpenter, Francis Kauzlarich, Lynn Newkirk, Janice Viney, Leslie Kalbrenner.
